# Firm and moisture-plumped skin in a bottle

**Kinohimitsu Collagen Diamond 5300 Drink** comes with 5300mg of Collagen Peptide specifically designed for mature skin to restore youthful, resilience and radiant skin.

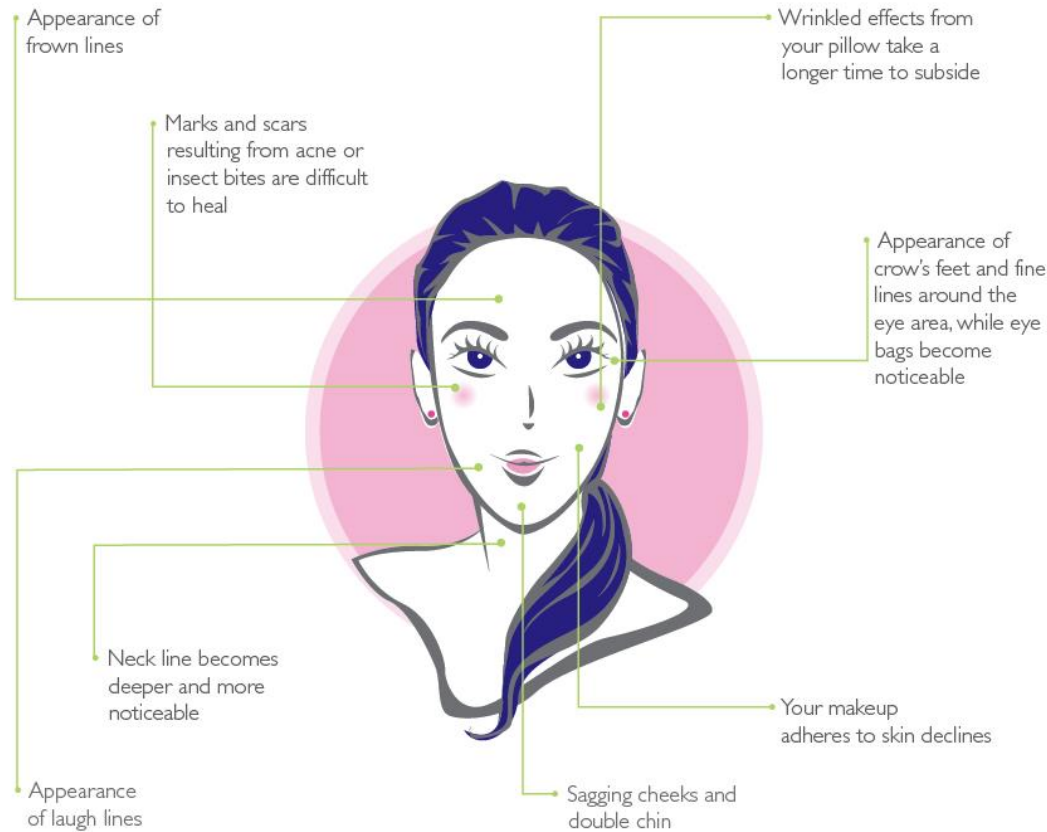

Collagen Peptide has shorter molecular structure and is almost similar to the structure of collagen in our skin and thus it is easily absorbed by our skin. The drink actively boosts collagen synthesis and repair damaged collagen fibers to minimize the signs of ageing such as fine lines, wrinkles and dryness. Feel the visibly lifted and moisture-plumped skin yourself with **Kinohimitsu Collagen Diamond 5300 Drink!**

# Why need Kinohimitsu Collagen Diamond 5300 Drink?

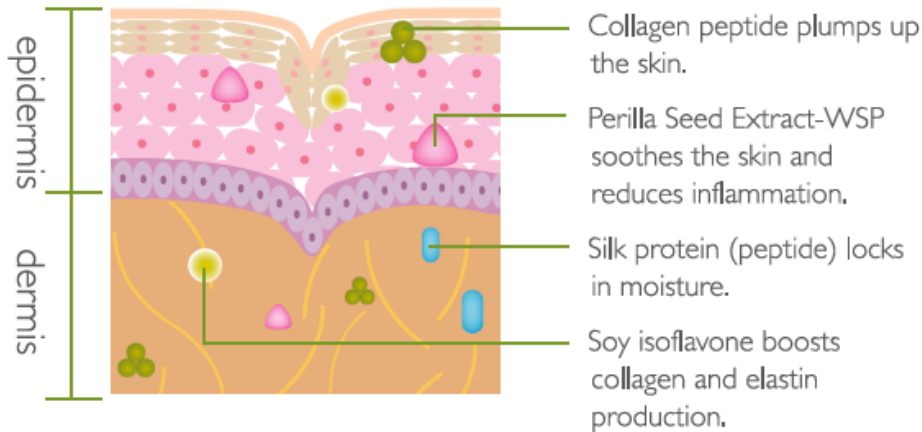

When signs of ageing start appearing on your face, they are not marked as wrinkles. As early as in the twenties, they first appear as fine lines on the epidermis layer, and if they are not taken care of, the problem worsens and the collagen in the dermis layer is affected, resulting in deep-set wrinkles.

Having these problems?

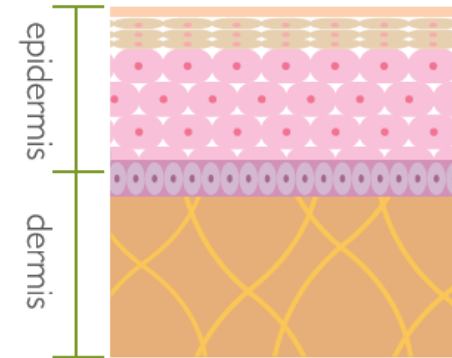

# Freeze your age

## Ageing skin

## Resilience skin

Firm and moisture - plumped skin after regular consumption of Kinohimitsu J'pan Collagen Diamond 5300 Drink.

The collagen in dermis layer is like a spring in the mattress that determines skin's firmness and suppleness. In between the spring, it is the moisture content. When skin is lack of moisture, wrinkles will inevitably form. This also results in droopy eyelids, saggy cheeks, wrinkly neck and flabby arms and buttocks. Hence, we need to replenish collagen to optimise its synthesis in our body.

Taking collagen is like adding more reservoirs to retain moisture within the skin, so skin feels soft and supple." In Kinohimitsu Collagen Diamond 5300 Drink exclusive formula, it also contains silk protein that acts as a powerful moisturising agent while the U.S. patented Perilla Seed Extract helps to protect skin cells against free radicals and prolong the firming and hydrating effect within the skin.

## What you need is Kinohimitsu Collagen Diamond 5300 Drink

to boost the amount of collagen from within, especially when you are not getting enough collagen from your diet nowadays!

# Who should take Kinohimitsu Collagen Diamond 5300 Drink?

Age 30 and above

Constantly exposes  
to UV rays

Frequent traveler

Always stay up late

Work on shift

Alcoholic  
beverages drinker

Active and passive  
cigarette-smoking

Coffee drinker

Spend long hours  
in air-conditioned  
environments

# Why should I take Kinohimitsu Collagen Diamond 5300 Drink?

## Excellent raw material

Kinohimitsu harnesses the collagen peptide of the highest grade Japan marine collagen. Extracted through advanced technology, the collagen peptide is high in quality and purity, contains no fats and cholesterol.

## Small collagen peptide molecule

Each collagen peptide molecule size is 1000-3000 dalton. It is easily absorbed by the body and helps to boost collagen synthesis at dermis layer effectively.

## Unparalleled formula

Rich in powerful antioxidants that helps to delay skin's ageing. The exclusive U.S. patented Perilla Seed Extract helps to further enhance skin beauty by repairing damaged cells and reducing inflammation.

# Why should I take Kinohimitsu Collagen Diamond 5300 Drink?

## Delicious

More than just a tasty treat, every sip is packed with lots of beauty & health goodness.

## No additives

100% natural and safe, no sugar added, no preservatives, no artificial colouring or flavouring. Hormones, steroids and chemical free tested by SGS (Global Benchmark Recognition on Quality and Integrity).

## Effective

Liquid formula enables immediate absorption by the body.

## Convenience

A functional, instant drink ready for immediate consumption and enjoyment anytime, anywhere.

**Kinohimitsu Collagen Diamond 5300 Drink – the one and only beauty drink you will ever need!**

# The 8 gorgeous look

- Firms up skin for a more lifted look
- Tightens pores for velvety-smooth skin and helps make-up stay on longer and adheres better
- Lifts up your bust and buttock for a more attractive body shape
- Reduces the appearance of fine lines and wrinkles and heals scars
- Re-densifies skin dermis for a finely textured and supple skin
- Seals in precious moisture within skin for lasting retention
- Lightens skin for snowy-like complexion
- Strengthens hairs and nails, keeping them strong and healthy

# Ingredients

**Collagen Peptide (Fish)** in small molecule size allows immediate absorption by the body to plump up the skin.

**Perilla Seed Extract- WSP**, a U.S.-patented antioxidant (Patent No.: US6,217,875B1), helps to reduce cells inflammation and increase cell repair ability, thus enhance the nutrient absorption ability of cells.

**Silk Protein (Peptide)** is a powerful water-binding agent that aids in moisture retention. It has an ability to retain water, 50 times of its own weight.

**Soy isoflavone** stimulates the production of collagen and elastin and reduces pigmentation.

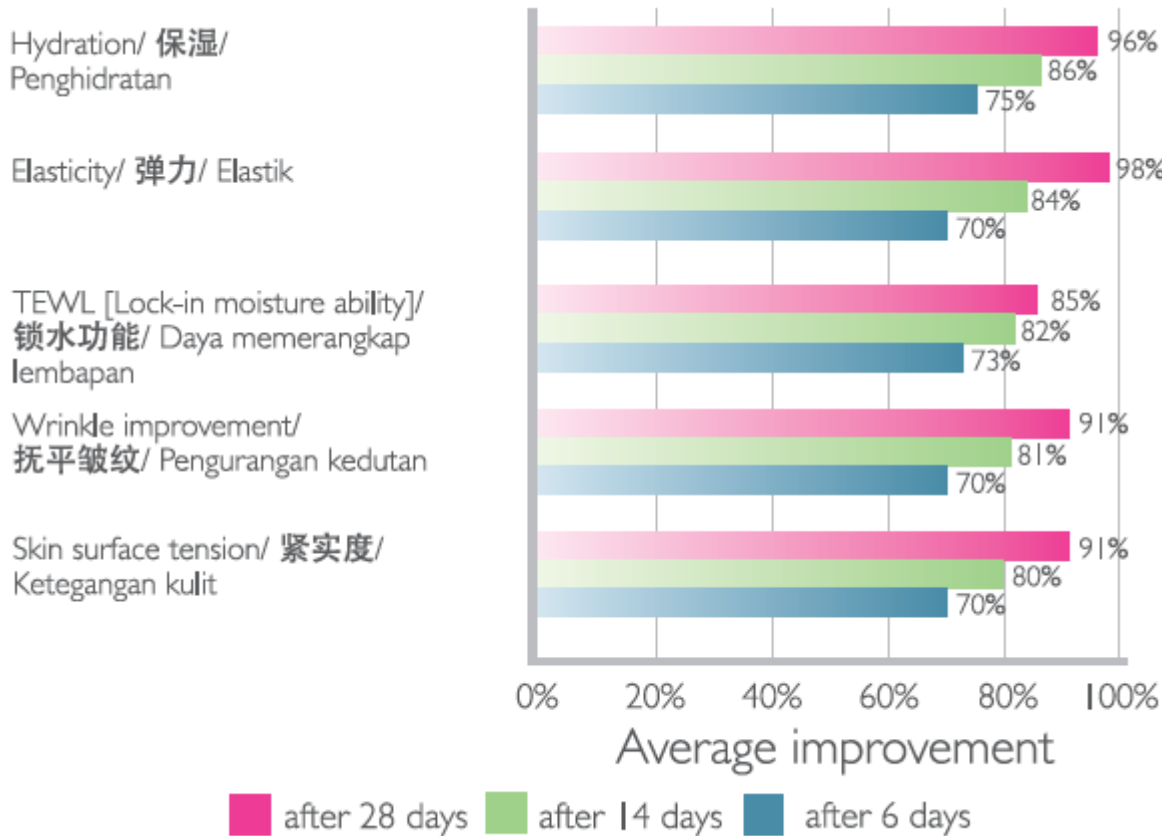

**Apple, Lemon & Lychee Condensed Juice** are rich in malic acid and vitamin C which are effective in skin lightening.

## Firm & hydrate your skin today!

# Results

Kinohimitsu J'pan Collagen Diamond 5300 Drink showed significant improvement in just 6 days\* , with skin renewal in 28 days!

\* Test on 200 Asian Women & Men between ages 30-55 under Derma-Lab Supervision in TOYO BIO Tec Lab, Japan.

# It is effective!

## Before

Skin is dry, rough and lack of firmness.

## 6<sup>th</sup> day

Skin becomes more hydrated and supple.

## 14<sup>th</sup> day

Fine lines are reduced and skin looks brighter.

## 28<sup>th</sup> day

Skin is finely textured and noticeably smoother, firmer and resilience.

\* Panelist: Women, 43 years old

\* Test under Derma-Lab Supervision in TOYO BIO Tec Lab, Japan.

## Firm & hydrate your skin today!

# Recommended consumption

## Usage:

1 bottle a day preferably before breakfast or bed time. Shake well before drinking. Keep chilled for delicious taste.

## First time Users:

1 bottle a day for a consecutive period of 6 days.

## For maintenance:

1 bottle every 2 days.

NO ADDITIVE 无添加物 酸味料・香料

# Q&A

## **Q1: Why should I take Kinohimitsu Collagen Diamond 5300 Drink when I can obtain collagen in the diet?**

A1: Food such as beef tendon, chicken wing, chicken skin, etc. contain collagen. However, they also contain a higher amount of fats which are not recommended to take regularly. The collagen molecules of these foods are at 300,000 to 500,000 daltons which are not easily absorbed into skin. In contrast, each molecule size of marine collagen peptide in **Kinohimitsu Collagen Diamond 5300 Drink** is 1000 to 3000 daltons, the shorter molecule structure is able to reach our skin easily and thus helps to boost skin's firmness effectively. It also helps to retain and lock-in moisture, improving skin density and hydration in just 6 days\*!

## **Q2: Should I continue to take it after I have seen some improvements?**

A2: Yes. The levels of collagen decline gradually as we age and we are staying in a tropical climate where we are constantly exposed to strong UV rays and air-conditioned environments, it hastens the depletion of moisture in our skin and such dryness accelerates skin ageing. Hence, we need to replenish collagen to optimise its synthesis in our body for youthful and moist skin. It is recommended to take 1 bottle every 2 days for maintenance.

**Thank You**
