Youthful and Gorgeous Look in a bottle

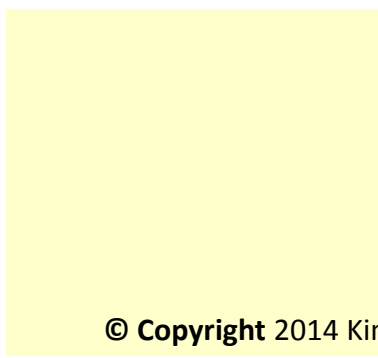

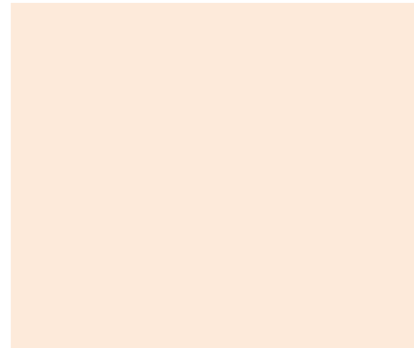

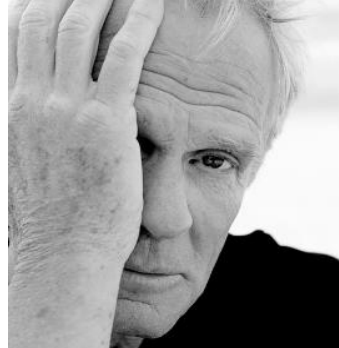

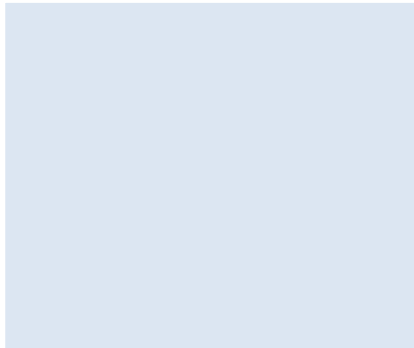

Kinohimitsu Collagen Men Drink is the FIRST collagen drink designed to satisfy the specific needs of men's skin. The skin problems that often faced by men are wrinkles, oiliness, dehydrated, blackheads and acnes. Infused with 5300mg Collagen Peptide and excellent moisturizing ingredients, **Kinohimitsu Collagen Men Drink** helps to plump up skin, smoothen fine lines, regulate sebum secretion, heal facial scars and restore youthful vitality to the skin.

Why need Kinohimitsu Collagen Men Drink?

Collagen is a connective tissue that contributes to skin's structure and firmness. Elastin, which allows skin to bounce back and reshape itself, decreases. Hyaluronic acid, a natural moisturizer in the skin, also declines. All of these changes compromise skin's elasticity, firmness, structure, and moisture. This contributes to areas of collapse and irregularity that ultimately manifest as fine lines and wrinkles and even droopy eyelids and sagging eye bags.

Men's skin is different

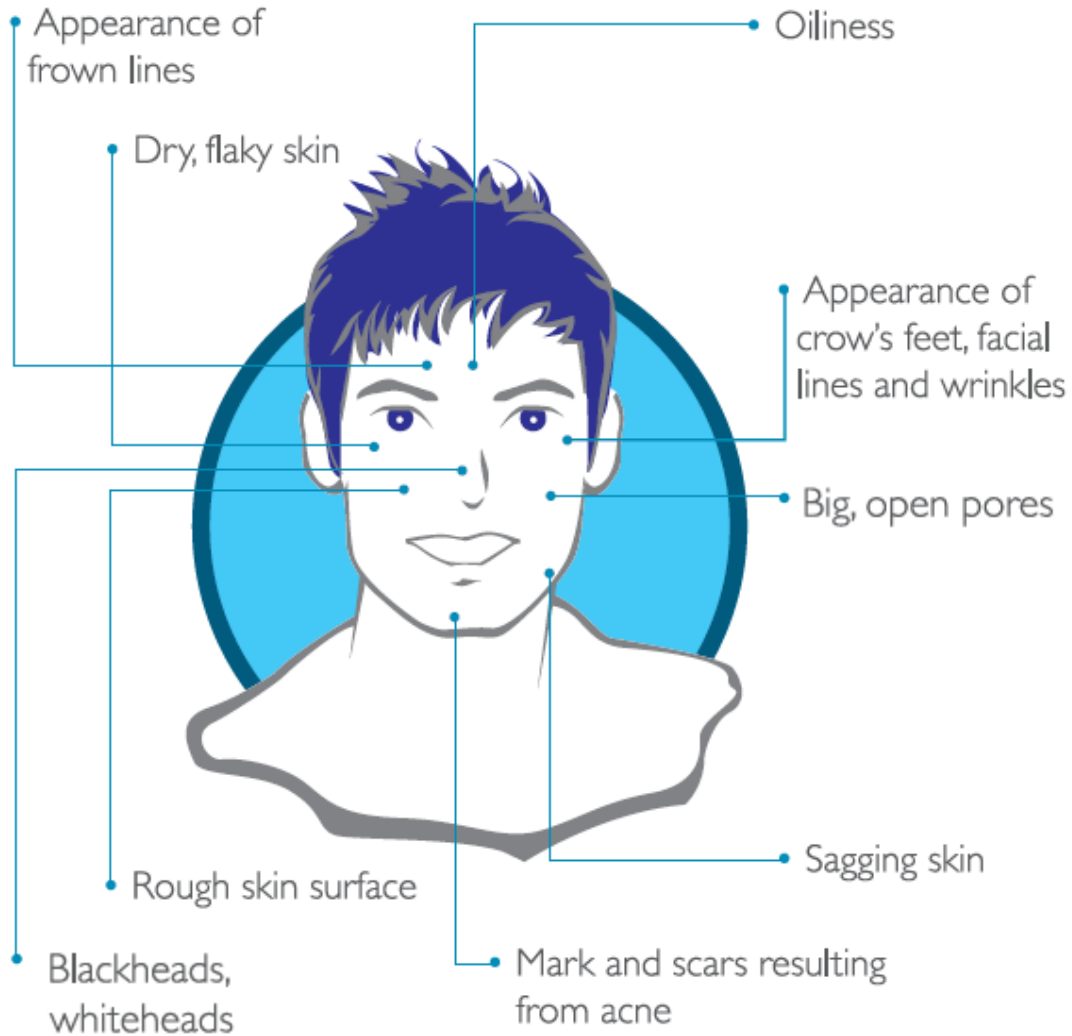

Men have more active sebaceous gland than women, in other words, they produces more sebum (oil) than women. Under normal circumstances, these glands play a role in lubricating the skin and hair, protecting them from environmental challenges like dehydration and maintaining health and shine.

When the glands are active, they produce excessive sebum. Too much sebum produces surface oiliness, blocks pores, provides nourishment to bacteria that live upon the skin and contributes to acne flare-ups. This causes a terribly negative effect on self-esteem as well as image.

Despite the extra oil, men's skin can lose up to 60% more moisture than women.

The 6 youthful & gorgeous look

- Firms up skin for a more lifted look
- Effectively reduces excessive oil production and create shine-free complexion
- Tightens pores for smooth skin
- Reduces the appearance of fine lines and wrinkles and heals scars
- Re-densifies skin dermis for a finely textured and supple skin
- Seals in precious moisture within skin for lasting retention

Ingredients

Collagen Peptide (Fish) in small molecule size allows immediate absorption by the body to plump up the skin.

Perilla Seed Extract (U.S. Patent 6,217,875B1) and **Aloe Vera** helps to reduce cells inflammation and increase cell repair ability.

Cactus Extract is rich in minerals, pectins and flavonoids that has excellent moisturising and soothing properties. Studies showed it reduced skin irritation and redness that was induced by either UV rays or shaving (shaving process is a repeated stress for skin).

Hyaluronic Acid (from chicken cartilage) functions as a sponge to attract and bind water within the cells to prevent the skin from drying out. It also helps to maintain the balance of water and oil in the skin, helping skin to look smoother and hydrate.

Wheat Dextrin (NUTRIOSE®) is a prebiotic that promotes the growth of friendly bacteria and helps in effective colon detoxification.
