

10g x 30 sachets

**Product Name** Kinohimitsu J'pan KiloCut (Powder)

**Description** There are many reasons why many people find it is hard to lose weight. For examples, intake calorie is higher than energy expenditure, lack of good bacteria and imbalance diet. Having sufficient good bacteria in our gut is important to remove toxins and aid in slimming. Added with probiotics and prebiotic (food for good bacteria), along with other effective slimming ingredients, **Kinohimitsu J'pan KiloCut** is designed to help restore the balance of microflora and promote healthy weight loss.

## Benefits

**Garcinia Cambogia**

## Ingredients

Wheat Dextrin (NUTRIOSE®), PI2Xlim™ (a proprietary blend of Tea Blossom Extract, Potato Protein Extract and Oat Fibre), Inulin, Peach Powder, Sorbitol, Garcinia Cambogia, Citric Acid, Vitamin C, Bifidobacterium longum, Sucralose, Green Coffee Bean Powder.

**Garcinia Cambogia** inhibits the conversion of carbohydrates into fat and prevents new fat formation. It also improves the signaling system that tells our brain - "I am full" and reduces calorie intake.

1 billion CFU of encapsulated *Bifidobacterium longum* per sachet. The bacteria are protected against harsh stomach acid until they reach the intestines and confer benefits to the host.

## Recommended consumption

### Usage

Take 1 sachet daily, 30 minutes before meal. Open the sachet and pour it directly into mouth or mix it with 200ml water. Serve with chilled water for delicious taste.

Consume daily until you have reached your desired goal.
